100 RUSSIANS WERE LOST IN SKIRMISH

Port Arthur Reported in Bad
Straits at Present.

The Women Are Armed For the
Fray—Russian Ships Sighted
Near Japan.

BIG BATTLE EXPECTED SOON

London, June 28.—Baron Hayashi, the Japanese minister, issued an official report of the fight between the Russian and Japanese forces which landed at Takushan. The Japanese were victorious. The report follows: "The Takushan army, after six hours of severe fighting Monday, occupied Fen Shui Ling. The enemy consisted of five battalions of infantry, two regiments of cavalry and sixteen guns. They fled in a disorderly fashion towards Tomoching and Shimucheng. Casualties estimated at one hundred."

SAW RUSSIAN SHIPS.

Tokio, June 28.—An unconfirmed report reached here from Hakkaido today to the effect that ships resembling the Russian Vladivostok squadron have appeared off the Japanese coast there Monday.

BIG BATTLE ON HAND.

London, June 28.—St. Petersburg advices state that General Kuroki is marching upon Hai Cheng and a great battle is at hand. Detachments of Russian army are assuming the defensive against General Oku's forces. Severe fighting near the village of Tonchen is reported Sunday the results of which have not been made known. It is accepted in St. Petersburg as a fact that General Kuropatkin has finally determined to assume the defensive and even now may be locked in a deadly embrace with Japanese warriors.

750 REPORTED DROWNED.

Rome, June 28.—A dispatch from Tokio to the Giornale d'Italia says the Russian admiral, Prince Uhtomsky and 750 men were drowned when the battleship Peresviet was torpedoed and sank. The Japanese lost six killed. Four of the Japanese torpedo boats were damaged.

A dispatch from Che Foo to the Angencia Libera says General Stoessel made a sortie from Port Arthur on Friday with 7,000 men, but was repulsed. General Oku, the Japanese commander, sent an envoy to the Russian commander, who advised him to capitulate with the honors of war.

The situation at Port Arthur is grave.

There is little to eat besides some rice and some bread.

Chinese who are arriving at Che Foo say the soldiers, sailors and civilians are all showing palpable traces of suffering from famine. Several steamers are at Dalay loading with stores, etc., with a view to another bottling operation.

WOMEN CARRY ARMS.

St. Petersburg, June 27.—A message from Ta Shi Chao says that the whole male population of Port Arthur over 15 years of age is under arms, and even women are assisting in completing the defense. Sixty civilian bicyclists maintain communication with the outside world.

RUSSIAN SHIP DISABLED.

Tokio, June 28.—It is reported that another Russian battleship has been discovered stranded off Tiger Rock, near the entrance of Port Arthur. It is presumed it was wrecked while running back into Port Arthur after the fight last Thursday night.

RUSSIANS DRIVEN BACK.

St. Petersburg, June 28.—General Sakharoff in a dispatch says the advance posts of Russians in Liao Tung Peninsula composed sharp shooters, was driven in by the Japanese.

Prof. W. H. Sugg and family went to Madisonville today at noon and from there Prof. Sugg will go to Chicago to attend a normal school.

CAPTAIN. GILLIGAN NOW DOWN AND OUT

Captain of Paducah Ball Club
Suspended Today.

Is Likely Out of the Game For the
Season For Insubordi-
nation.

VIOLET IS NOW CAPTAIN

The management of the Paducah baseball club has been aroused from its lethargy, and this morning Captain "Red" Gilligan, of the Paducah K. I. T. club, was suspended without pay for the remainder of the season, which means he can play no more league ball unless he is reinstated, or is given his release. The prospects are that neither will be done.

Captain Gilligan was suspended for insubordination. The members of the team were ordered to return to Paducah from Cairo by train, and Captain Gilligan came by the boat. It was also reported that he "threw" the game to Cairo, yesterday, but this report is not believed, and had nothing to do with his suspension.

Captain Gilligan is a good ball player and has always been a popular member of the team, and many fans will regret to see him go. The Paducah club, however, can play winning ball, and has done it except when the causes could usually be guessed, and this was largely due to loose discipline. The general opinion seems to be that the management should hereafter enforce discipline and compel the members of the team to keep in condition, if they all have to be suspended.

There was talk after Captain Gilligan's suspension of other members of the club quitting, but none have quit yet, and if they do it will mark their exit from league baseball for the remainder of this year. There are plenty of players in the country, and the management announces that it will make the players all toe the mark hereafter.

Manager Ray announced this afternoon that Violet had been made captain, and that McGill or Brady would go to the outfield, alternating, and another pitcher would be secured.

Captain Gilligan wants to go to Birmingham, in the Southern league, but will probably not be given his release. It is thought that if a few players are suspended in this way and kept out of the game the rest of the season it will have a salutary effect on the others and greatly benefit the sport. The general opinion is, so far as can be learned, that those who want to play ball should abide by the rules, and those who don't can't get out of the game any too quick.

DARING DEED

WATCHMAN GAGGED AND SAFE
BLOWN OPEN.

Chicago, June 28.—After binding and gagging the watchman, four men blew the safe in the office of the Pride Laundry company this morning with dynamite and escaped with a thousand dollars. Watchman McWill was roughly handled.

HIT THREE TIMES BY LIGHTNING

The Last Time the Owner of the
House Was Killed.

Dr. Owens Gets the G. B. at Lake-
land—Alleged Murderers Ac-
quitted at Breathitt.

OTHER LATE KENTUCKY NEWS

Bowling Green, Ky., June 28.—The old saying that "lightning never strikes twice in the same place" does not apply to the home of John Garrison, colored, near here. The house was struck Sunday for the third time within two months, and Garrison was killed. He was not struck or hurt by the lightning, but flying debris in the shape of a six foot piece of timber hit him in the head and killed him.

DR. OWENS FIRED.

Frankfort Ky., June 28.—Dr. C. C. Owens, first assistant physician at the Lakeland asylum has been removed by Governor Beckham and Dr. M. H. Yeaman has been appointed in his place. Dr. Owens was under the former administration superintendent of the Feeble Minded Institute.

ACQUITTED AT JACKSON.

Jackson, Ky., June 28.—Ance Short and Jim Salyers, charged with being implicated in the assassination of Mack White, were tried and acquitted before Justice Softman, but the verdict is very unpopular, as it is claimed.

MARRIAGES IN CHRISTIAN.

Hopkinsville Ky., June 28.—Mr. Hancock Taylor Jr., of Louisville and Mrs. Sadie Downer Jessup of Hopkinsville, were married in Louisville. Miss Ruth Penn and Mr. R. F. Warren will wed July 6th. The bride resides at Cerulean and the groom at Guthrie.

TOBACCONIST DEAD.

Louisville, Ky., June 28.—John Marks, a well known tobacco man of Owensboro, who had been suffering from blood poisoning for some time past, died here, where he had been brought for treatment.

MARRIAGES IN HICKMAN.

Fulton, Ky., June 28.—Mr. Thomas Reed and Miss Minnie Adams were married near here. The bride is quite young and intellectual, and the groom is well advanced in years, and is known as "Uncle Tommy."

Miss Floy Perry, a former Fulton girl, is to be married July 6th to Mr. William McCarty, of Memphis, where the bride now lives.

DEATH IN GRAVES.

Mayfield, Ky., June 28.—Mrs. Jane Mason, aged 53, died from paralysis near Clear Springs after a long illness. She leaves two sons and two daughters.

VICTIM IS WORSE.

Hopkinsville, Ky., June 28.—Gip Griffin, a brother of Pete Griffin, of Paducah, is still at large wanted on a charge of shooting Henry Warner, an old man near Crofton, on whose farm Griffin was a tenant. Warner was shot in the bowels and is worse, being, it is believed, at the point of death. A reward for Griffin will be offered by the governor.

TWO TO DIE

OHIO SUPREME COURT SEN-
TENCES KNAPP, THE
STRANGLER.

Columbus, O., June 28.—The supreme court today condemned Alfred Knapp, the Hamilton strangler who confessed to strangling five women to death, to the electric chair. The court reversed the action of circuit court in granting Knapp a new trial, and affirmed the first degree verdict of the common pleas jury. The death sentence of Otis Loveland was also affirmed.

Mr. F. H. Sassoon, of Portersville, Mo., is the guest of her daughter, Mrs. J. D. Phelps, of No. 11 Huntington Row.

ONE INDICTMENT WAS DISMISSED

Demurrer to One for Wilful
Murder Argued.

The Manslaughter Charge Against
Sheriff Holland Quashed and One
For Murder is Made.

STUBBORN BATTLE BEGINS

Benton, Ky., June 28.—A surprise was sprung in the manslaughter trial of W. W. Holland, sheriff of Calloway county, yesterday afternoon in circuit court here. It has apparently caused the feud between the Holland faction and the friends and relatives of Hardy Key, who was killed by Holland some time ago, to become more pronounced, and Holland's friends claim a conspiracy.

Yesterday when the case came up Special Judge Brown, on motion, dismissed the indictment found by the grand jury in Calloway county, and a new one, found by the Marshall county grand jury, was substituted. His provoked strenuous objection on part of the attorneys for the defense, as the indictment dismissed was for manslaughter, and the one found by the Marshall county grand jury is for wilful murder. It was claimed by Holland's friends that the new indictment was found last week, before the old one was dismissed, but the court held that this was legal, as the Marshall circuit court had jurisdiction from the time a change of venue was granted, and that the grand jury, being legally in session, had a right to consider any case within its jurisdiction, and the case came within its jurisdiction from the time the change of venue was granted.

The Keys faction claim that the finding of the indictment in Calloway county for manslaughter was the result of the defendant's "pull," and feeling between the two factions has become more intensely bitter.

There are scores of people from Murray here to attend or testify in the case.

Today a demurrer seeking to quash the new indictment is being argued, and may consume considerable time. Owing to the number of attorneys and the feeling on both sides, the case promises to be the most stubbornly fought in the history of this section.

LEXINGTON JUDGE

IMPOSES SEVERE WHIPPING ON
A BOY.

Lexington, Ky., June 28.—John West, aged 14, charged with destroying property, was today given 50 lashes by order of Judge Riley in the public square. The whip was wielded by his father and brother and the boy almost collapsed.

LOCAL COMPANY READY TO DISBAND

Equipment Turned in Last Night
and Received for.

No Order Yet Issued For Mustering
Out the Local Company and
No Date Set.

LIEUTENANT COLONEL ELECTED

The Wheeler Guards reported at the armory last night to surrender equipment to Captain Caldwell, who will prepare for mustering out the company.

Captain Caldwell and others decided a few days ago to request the mustering out of the company and set out postals notifying the men of this section and ordering them to report at the armory to surrender guns and other state property. These were Captain Caldwell's orders and not the state and was done because Captain Caldwell desired dispatch in the work of mustering out and wanted to have every thing ready when the order and officer came to do the work. The order to muster out has never been received from Frankfort and nothing is known of the date.

Orders have been issued for an election of a lieutenant colonel to succeed Colonel Jonett Henry, who was promoted to the command of the Third Regiment. It is likely the local company will vote, as the vote will be taken at the next meeting of the various companies and probably here before it is mustered out. Major E. H. Watt, of Bowling Green, is the only candidate and will likely be elected.

4,000 TEACHERS

ATTEND THE OPENING SESSION
OF NATIONAL ASSOCIATION.

St. Louis, June 28.—The annual convention of the National Educational Association was called to order today in Festival Hall. Four thousand teachers attended as delegates and it is estimated over sixty thousand teachers are in the city. The opening session was devoted to addresses and welcome responses.

CUT AIRSHIP

VANDALS PLAY HAVOC WITH
SANTOS DUMONT'S PROPERTY.

St. Louis, June 28.—Vandals entered the shed where the air ships are stored last night and cut to pieces Santos Dumont's silk balloon and part of his latest pattern airship. It is feared it cannot be repaired in time for the initial flight July 4th. The outrage is thought to be the work of souvenir hunters.

\$2,000 DAMAGES

ASKED BY ADMINISTRATOR OF
J. D. HOLLIS

F. G. Rudolph, as administrator of J. D. Hollis, has filed suit against the Chicago, St. Louis and New Orleans railroad for \$2,000 damages for the death of Hollis, who was killed in June, 1903, while the Cairo extension of the I. O. was being built.

Hollis was employed as a track laborer and while riding to town after work, the car he was seated on was derailed and Hollis thrown under the wheels. He received injuries which proved fatal several hours later.

THREE COUNTIES WANT THE TAXES

Railroad Commissioners Here
on Important Mission.

Examine Witnesses As To Boundary
of Three Adjacent Coun-
ties.

TROUBLE OVER THE BRIDGE

Railroad Commissioners Mc D. Ferguson and C. C. McHord arrived today from Louisville on an unusual mission, and are holding a session at the Palmer House to take evidence regarding the boundary line of Marshall, Lyon and Livingston counties.

They met today in the parlor at the Palmer house and examined eight or ten witnesses, having a stenographer who will later transcribe the notes and present the evidence for the consideration of the commission.

The dispute between Lyon, Marshall and Livingston counties is a peculiar one, and is over the assessment for taxes of the Illinois Central bridge over Cumberland river, about 23 miles above Paducah near Grand Rivers. The river, according to claims, cuts through all three counties at the bridge, and each county claims that the bridge is within its limits and wants to collect taxes on it.

It is probable that it will be some time until the commission decides the point, as the evidence has to be transcribed.

PREACHER LICKED BY A POLICEMAN

A Lively Time in a Georgia
Town.

Thirty-three Killed in a Conduit
Near Kingston, Jamaica,
Yesterday.

THREE KILLED BY EXPLOSION

PREACHER WHIPPED.

Albany, Ga., June 28.—Rev. Len Broughton, a prominent Baptist minister, was cowhided in a barber shop here by Chief of Police R. W. Westbrook, whom the minister severely arraigned in a sermon Sunday. They met in a barber shop, where the minister was in a chair and the officer began to apply the lash when friends interfered. Further trouble is feared.

THIRTY THREE KILLED.

Kingston, Jamaica, June 28.—Thirty-three men met death through carelessness yesterday in a conduit of the West India Electric company. One hundred workmen were removing the sand from the huge pipe when the water was turned on full force, 33 being killed in the stampede to get out.

THREE KILLED BY FIREWORKS.

Philadelphia, Pa., June 28.—Jacob Jankovitch, O. Bermann and Lena Semson were killed by an explosion of a small bundle of fireworks in the Diamond Fireworks company. Half a dozen are injured.

HOW SLOOUM FIRE STARTED.

New York, June 28.—It developed in the inquiry yesterday how the Sloooum fire started. A former fire inspector showed by barrel staves that it started from a barrel in the forward hatchway.

HIS NEPHEW HURT.

Mr. James E. English received a message this morning stating that his little nephew, Harry Talliferro, of Madisonville, had broken his leg. The child's parents are well known in Paducah, having frequently been the guests of Mr. and Mrs. English.

WAS AN ACCIDENT ENGINE RUNS WILD

Said the Coroner's Jury in Erve Albritton Case.

Remains Taken to Mayfield Last Evening For Burial.

The coroner's jury yesterday afternoon investigated the drowning of Mr. Ervin Anderson Albritton, of Mayfield, Ky., from the steamer Dick Fowler Sunday night near Brookport, and returned a verdict of accidental drowning as follows:

We, the jury, find by the evidence produced, that the said Erve A. Albritton, came to his death by accidentally falling overboard and drowning from the steamer Dick Fowler.

(Signed.) W. D. OLIVE,
E. K. BONDS,
JOHN W. COUNTS,
F. N. GARDNER, SR.,
W. R. PARE,
JOHN T. HUGHES.

Only one eye-witness to the young man's act testified, and he was Harry Given, the colored barber, who was not able to say exactly whether Albritton jumped or fell. All the other witnesses were those near at the time, but did not see Mr. Albritton when he went over. Umpire William Setley was not introduced.

The remains of the young man were taken to Mayfield last evening on the 6 o'clock train for burial and the funeral will be one of the largest ever held in Mayfield.

The Mayfield Messenger says of the deceased:

He was industrious, clever and enterprising in all of his business transactions.

He was one of the leaders in all of the young people's social functions and will be greatly missed by them.

Everybody was his friend, both old and young, and his death has thrown a dark gloom over the town.

Words of deep regret were upon the lips of every one when the shocking news was told to them early Monday morning.

He leaves a father, mother, three brothers and two sisters. Two of his brothers are in Louisville and one in San Antonio, Tex. He was the principal manager of the Albritton Bros. & Co's warehouse and was very popular with the trade.

RABBIS MEET

IMPORTANT QUESTIONS TO COME UP AT THE WEEKS' CONFERENCE.

Louisville, Ky., June 28.—One hundred and fifty rabbis, each representing one or more congregations of the Reformed Jewish church in America, are in Louisville to attend the fifteenth annual conference of the rabbis.

The conference will consider two of the most important questions raised since the foundation of the Reformed Jewish church—the Sabbath observance and establishment of a synod. The report of the committee on Sabbath headed by Rabbi Jacob Voorsanger of San Francisco, will deal with the merits of Saturday and Sunday as Sabbath days, there being a desire for a uniform observance of one or other of those days.

The committee of synod, headed by Rabbi H. G. Enelow of Louisville, it is understood, favors the establishment of a synod to act as the central governing body of the church, with the view of establishing uniformity of church work. Hitherto, the Reformed Jewish congregations have been absolutely independent.

FOR TWO DAYS

THE ILLINOIS CENTRAL SHOPS WILL CLOSE DOWN TOMORROW.

Tomorrow the local I. C. shops, after many delays, will shut down for two days to enable the company to put in a new shaft in the engine room. This will stop all machinery operated by the main shaft. This was attempted several weeks ago but the work delayed by failure of material to arrive and other obstacles arising.

Got Away While Crew Was at Supper.

Ran Itself "Dead" and Stopped Ten Miles Away.

Running wild along the main track of the Illinois Central railroad last night from Cecilia, forty-seven miles from Louisville, freight engine No. 10, with three cars attached, finally came to a stop at Vine Grove, says yesterday's Courier-Journal. Through the prompt working of the telegraph, freight train No. 152 and passenger train No. 153 had been both side-tracked at West Point. The early discovery of the runaway engine and the prompt action undoubtedly prevented serious mishaps, as the passenger train was due beyond Vine Grove at the time the runaway was brought to a stand.

No. 10, with the three cars attached, had been left at Cecilia while the crew, consisting of Joe Millet, engineer; Frank Hammond, conductor; the fireman and three section hands went to supper. In some manner the throttle worked loose, and when one of the section hands reappeared from supper he saw the engine speeding rapidly down the track. He at first thought that some railroad man had entered the cab, and as a joke had started the engine, but the serious side soon dawned on him, and he at once notified the telegraph operator at Vine Grove, who in turn wired the news to West Point, where freight train No. 152, then passing was side-tracked. The freight was going in the same direction as the runaway, but it was thought best to take it off the main track. Passenger No. 153 reached West Point going west in a few moments, and was also pulled from the main track to a siding to await news of the wild engine.

Meantime the runaway was speeding along the track at a high rate of speed, but on nearing Vine Grove the engine slowed down and finally came to a dead stop in the same mysterious manner in which it started.

"IN THE STRETCH"

Auditor's Agent Lucas Filed Big Back Tax Suit.

Before Being Ousted He Takes a Fling at a Half Million Fee.

Attorney Frank Lucas, who has refused to be removed as auditor's agent, is still acting in that capacity and yesterday filed five suits in county court attempting to collect back franchise taxes from the Chicago, St. Louis and New Orleans railroad company (Illinois Central), Evansville and Tennessee river packet company; St. Louis and Tennessee river packet company; Ohio and Tennessee river packet company, and Memphis, New Orleans and Cincinnati Packet company.

Mr. Lucas estimates the franchise value of the railroad at \$13,000,000 for Kentucky and the tax on this amount will be \$650,000. The franchise value of the packet companies is roughly estimated at \$200,000 each. Mr. Lucas being unable to get at the true value and fixing it at this figure simply as a matter of form.

The railroad company leases out its lines to the I. C. but the latter road has paid its franchise tax in this state. The Chicago, St. Louis and New Orleans road receives profits in the way of rents for its lines. Mr. Lucas claims, and on these profits Mr. Lucas attempts to collect a franchise tax. He alleges this is not dual taxation.

If the defense raises any question as to Agent Lucas' legally holding the office of auditor's agent, Judge Lightfoot will have to pass on the question of whether or not Lucas is the legal auditor's agent.

Mr. and Mrs. W. H. Bowman returned today from St. Louis. Miss Jessie Bowman of Kansas City, accompanied them.

TO REORGANIZE

LOUISVILLE DRUMMERS TO INFUSE LIFE INTO OWENSBORO AND MAYFIELD.

Reorganization of the T. P. A. posts at Owensboro and Mayfield will probably be undertaken by Post D., of Louisville. This was discussed at the regular monthly meeting of the post held in the Louisville hotel, and the general opinion of the members was that the posts at those two places should be put on a better footing.

Interest has declined in a number of the Posts throughout the state, and it is probable that steps will be taken soon to rehabilitate them.

THE WEATHER.

Partly cloudy tonight and Wednes-
day.

THE DEMOCRATIC FOG.

The Democrats are doing all their talking for the purpose of convincing each other. About 40 years of the diversion has conclusively shown that they can't convince anybody else. The Republicans have little to do in this campaign except to wait until November, when the people will ratify the selections made at Chicago last week.

As the Globe-Democrat fittingly points out: "The financial policy of the party speaks for itself. Treasury reports for the past seven years need no diagram. Exports of American manufactured articles are at the highest point. Industry is actively engaged and well rewarded. There are no foreign entanglements. An immense balance of trade in our favor continues. The isthmian canal has been brought to the stage where the work of construction will soon begin. The nation marches onward with a steady, powerful movement."

"In the opposing party a totally different situation exists. The Democratic party might well present itself as a penitent on its former issues, but that is a poor basis on which to ask to be entrusted with the reins of government. This year's campaign will be useful to the Democratic party in the effort to define itself to its own members. What the party stands for is past guessing until the St. Louis convention declares itself. Even that assemblage may add to the prevailing Democratic fog. The Democratic party can take plenty of time in finding out where it is at. It is not needed at the front. All goes on there so smoothly and successfully that the campaign promises to be one in which a serious contest will hardly be visible."

Rausili, the bandit, is not the mercenary ruffian he has been pictured, according to his recent captives. His object in capturing American and English subjects and holding them for a ransom, is to bring down on the head of the sultan the wrath of the powers. It is noticed, however, that he doesn't overlook the coin in his beneficent undertaking.

Santos-Dumas will probably not be the only person to "go up in the air" at St. Louis next month. There is every indication of a good crop of Democratic aeronauts, with plenty

of inflating material furnished free by the convention.

Dowie, judging from his New York speech, does not mince words in dealing with King Edward, but he discreetly took the precaution to wait until he got the Atlantic ocean between him and the monarch.

Japan is to ask the United States to make a few "pointed inquiries" regarding the Japanese who have been taken prisoners by Russia. Uncle Sam appears to be a very accommodating fellow, and if the Japanese themselves can't get near enough to the Muscovites to ask about the prisoners, Uncle Sam will probably obligingly do it. We should be very thankful they haven't asked us to kindly step over and help them catch Port Arthur.

Citizen Perdicaris has not announced whether he will go on the stage, become a baseball umpire, or do the lecturing stunt. If he could induce Rausili to hike himself over to the United States they could do a good vaudeville turn together to S. R. O. business.

The Mormons are preparing to establish colonies in Mexico. This should call forth some pretty salty resolutions from the anti-Polygamy Protective Association and the Associated Fraternity of Semi-Annual Calamity Howlers, as Utah elders should not be allowed to corrupt the innocent greasers.

General Nelson A. Miles will probably be nominated for president by the Prohibitionists. If they want a man who is a good talker and always manages to say the right thing at the wrong time, he ought to be a howling success. It is understood that he has not yet made his cabinet selections.

The Philippines are rapidly becoming civilized. They have had the whiskey and women for some time, and now two car loads of fine thoroughbred horses from Kentucky have been shipped to complete the trio.

Now that Hon. John Sharpe Williams has relieved himself of that painful interview, it is to be hoped that the planet will return to its orbit and all those unusual sun-spots disappear.

The Democrats, Populists and Prohibitionists are yet to be heard from, but it will be the field against the favorites, and they will not be in the money.

The ice water convention meets at Indianapolis tomorrow, but there does not appear to be much of a rush to get aboard the water wagon.

Those who desire to know Judge Parker's views should "ask the man." His name is David Bennett Hill.

BOY RUN DOWN

BICYCLIST RAN OVER AND
PAINFULLY INJURED HIM.

Willie Neikirk, the six year old son of Mr. Walter Neikirk, was run over by a bicyclist this morning on Tennessee street and painfully hurt. The child was playing in the street and ran in front of the bicycle. He is badly bruised and his right hand and arm are out, but the injury is not serious.

Dr. J. W. Pendley attended him.

AFTER FIRE HORSES.

The board of fire and police commissioners are in no particular hurry to buy fire horses and will not finally close any deals for horses until the department houses are equipped and ready for the service. Commissioner Bonds stated this afternoon that Alderman Charles Smith has several horses in sight in Illinois, the property of friends, who will bring them here for inspection tomorrow or next day if desired and when the commissioners get ready to buy, will order all horses bought at once.

Prof. W. G. Dodd left for Cadiz today at noon to reside and was accompanied by little Miss Julia Dabney.

HEALTH OFFICER
AND AUTHORITIES

Will Enforce Vaccination Ordinance.

One Man Who Declined to Have His
Family Vaccinated Was Fined

\$20 Today.

OTHER POLICE COURT NEWS

Judge D. L. Sanders this morning fined Thomas Allison, a bartender residing on South Third street in the neighborhood infested with smallpox, \$20 and costs for refusing to permit his family to be vaccinated, the first fine for this offense imposed in this late appearance of smallpox.

Allison, his wife, Mr. and Mrs. Lindsay, Gus Crutchfield, Mr. Price, Robert Tyre, Mr. Bolen, and wife and Mr. Ford, all of the same neighborhood, were warranted yesterday by Health Officer Graves who has been pledged the support of the authorities in compelling vaccination, and he intends to enforce the laws to the latter. Tyre was dismissed and the remainder of the defendants granted continuances, several desiring to submit their families to the operation rather than pay a fine.

Allen Walker, the negro who drew a knife on Motorman Walter Stevel and cursed and abused passengers on a street car, was fined \$50 and costs.

Sonny Brooks and Major Edwards, colored, charged with a breach of the peace, were granted continuances.

Ed Farris was dismissed on a charge of fighting.

The case against Fred Cooper, colored, for fighting was continued.

BROTHER DIED

MR. LOUIS RAPP, OF PADUCAH,
CALLED TO ATTEND
THE FUNERAL.

Mr. F. X. Rapp, an agriculturist of near St. Louis, died yesterday afternoon about 1 o'clock after a short illness in St. Louis and the remains were taken to Louisville for burial.

He was about 52 years of age and leaves a wife and family and two brothers, Mr. Louis Rapp, of Paducah, and another brother in St. Louis.

Mr. Louis Rapp, of the city, and wife left at noon for Louisville to meet the remains and attend the funeral which will be held tomorrow some time. Death was due to general debility and the deceased had been ill but a short time.

A Missouri Judge.

It does not always pay to appear too independent, especially in a courtroom. They are telling the following story on a former Missourian, who is now a judge in Oklahoma: A gambler was tried before the judge recently and convicted of playing poker. He appeared in court dressed in flashy style and with plenty of money in his pockets, apparently unconcerned as to the outcome of his trial. Looking over his spectacles, the judge, in a squeaky voice said:

"Jim, stand up." The gambler obeyed.

"Jim, have you anything to say before I pass sentence on you?"

"No, sir."

"Jim, I'm a-goin' to fine you \$50—"

"All right, judge," interrupted the gambler, "here it is in my hip pocket."

"And give you sixty days in jail," continued the judge. "Now, look and see if you've got that in your hip pocket, too."—Kansas City Star.

Salvation Army Girl in Luck.
Jol F. Kerr and James Leslie, two wealthy oil men of Bradford, Pa., sat in the lobby of a hotel in Lima, O., the other evening when a Salvation Army girl came in and passed her tambourine. "I'll chip in \$5, Jim," said John. "Go, you, Jack," said James. They began tossing \$5 bills into the tambourine in turn, then wrote checks for the same amount until the tambourine held \$500. "Guess that's enough, Jack; let's stop," said James. "Go you, Jim," said John, and they adjourned.

KIND OF MATERIAL
IS STILL IN DOUBTLocal Legislative Boards Not
Decided on it Yet.

Officials seem to favor Bitulithic Compound For the Streets and Pavements.

THE MAYOR SAYS "GO SLOWLY"

Mayor Yeiser stated this morning that he considered the spending of several thousand dollars for street improvements a very serious matter and thought the boards should be cautious in the selection of the material to be used.

There seems to be a disposition on part of the members of the boards to have future sidewalks as well as streets, in Paducah, constructed of the bitulithic compound. Concrete, it is said, is subject to cracking and bulging up when the heat or soil do not happen to be favorable—and black has been discarded almost everywhere as sidewalk material.

The bitulithic compound has impressed most of the officials favorably, and can be repaired more easily and cheaply than asphalt or concrete.

The general public, however, does not seem to appreciate the "caution" being taken by the boards. There is no necessity for waiting all this time to decide on the material, it is claimed.

What seems to be wanted most is the passage of the improvement ordinances, the advertising for bids and opening of them, and the letting of the contracts. Everything will then be ready to begin work as soon as the bonds are floated.

TELEGRAM SENT

NOTIFYING THE BOND COM-
PANY OF THE COUNTY'S
ACCEPTANCE.

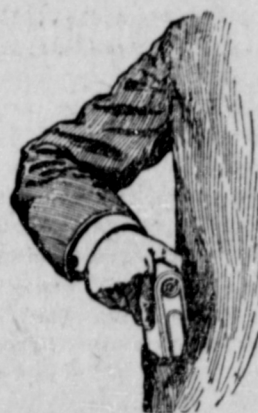

Justice R. J. Barber, chairman of the committee delegated by fiscal court to arrange for refunding \$100,000 of the county bonds, has telegraphed White & Co., of New York, that their offer to refund the bonds at 4 per cent, paying a bonus of \$150, has been accepted. It is expected that arrangements to refund them will be hastened and the deal quickly put through. White & Co. is the same concern that refunded the city's \$20,000 in railroad bonds recently.

DOUBLE ELOPEMENT

Two Paducah Couples Married in Metropolis Today.

Marriage of a Popular Mayfield Couple Last Evening.

Mr. Barner Sills and Miss Carrie Moore, aged respectively 20 and 15 years and Mr. Arthur Sills and Miss Pearl Tucker, aged 22 and 18 respectively, eloped to Metropolis this morning on the Dick Fowler and were married at the State hotel.

They returned this afternoon on the Cowling. The grooms are brothers.

MARRIAGE AT MAYFIELD.

Mayfield Ky., June 28.—Mr. John W. Landrum and Miss Beatie Allison, well known young people, were married here last night at the home of the bride, Rev. Roger L. Clarke, of the Christian church, officiating. They are among the most prominent young people in Mayfield, and the groom is one of the best known Masons in this section of the country.

LOOKING FOR LOST BOY.

Local members of the Knights of Pythias have received cards from Seeleyville, Ind., asking that lookout be kept for the five year old son of Dr. L. S. Byers, a member of the lodge there. The little fellow is supposed to have been kindnaped May 4, is cross eyed and has a v shaped slit in the outer edge of one ear.

—Joe Bell, an aged colored inmate of the poor house, came to town yesterday afternoon and became overheated, being taken to the city hall to be revived. He was subsequently taken to the poor farm in the patrol wagon.

GOOD LUCK

FOR THE MAN WHO LOST \$50,000 A YEAR.

A business man who had to retire in his prime and give up an income of more than \$50,000 a year on account of nervous stomach troubles tells how he gained back health and strength simply by a little care in selecting his food.

"Three years ago after having spent a very goodly sum trying to save my teeth, I was obliged to have all of them extracted or it seemed I would lose my mind from such super-sensitive nerves that prevented the proper mastication of food and gave rise to numerous stomach troubles which refused to yield to the best medical treatment. I got badly run down and was compelled to retire from active business when I should have been in my prime and at a time when my income exceeded \$50,000 per annum.

"I delayed having artificial teeth made for 11 months in order that the jaws should have ample time to heal, I found myself almost literally starving to death having lost from 160 to 138 pounds and scarcely able to crawl about. One food after another was tried and all failed until I got into a desperately low state—in fact my death was really reported in one of the city papers.

"But I was better than a dead man even then and one day during the temporary absence of the nurse I felt so hungry I managed to go to the pantry for something to eat: I saw a yellow box on the shelf directly in front of me and as it was the nearest I picked it up and read what was printed on it about Grape-Nuts food. That interested me. The only milk or cream I could find was some evaporated cream, so I softened the Grape-Nuts with warm water and then poured on the cream and sugar, and slowly ate it with more or less fear. Imagine my surprise for the first time since I had lost my teeth I did not go wild with the terrible griping and pangs of indigestion. You may be sure I stuck fast to Grape-Nuts from that time.

"To cut my tale short I have gained back to 150 pounds, almost my old weight, am greatly improved in health. For fifteen months I did not use ten pounds of any food but Grape-Nuts. I lost all desire for tea and coffee.

"For twenty-three months now I have lived almost exclusively on Grape-Nuts and I think the wonderful good it has done me has been largely responsible for its widespread use here in Los Angeles where my case is famous." Name given by Postum Co., Battle Creek, Mich.

Social Notes and About People.

WED TOMORROW.

The marriage of Miss Katie Nelson, daughter of Mr. and Mrs. A. S. Nelson, and Mr. Davis Buchanan will take place tomorrow morning at 10:30 o'clock at the residence of the bride, 1111 Jefferson street. Only relatives and intimate friends of the couple will be present. The ceremony will be performed by Rev. G. W. Perryman of the First Baptist church. This wedding will come in the nature of a surprise since no previous announcement has been made of it.

Miss Nelson is an attractive young woman, with many sweet and winning traits of disposition. The groom is the proprietor of a restaurant in this city, and also one in Madisonville, where he formerly resided. He is a young man of fine business ability, and by his gentlemanly bearing has become quite popular in Paducah.

MARRIED AT METROPOLIS.

Mr. Walter Pell and Miss Addie Hymarsh were married yesterday at Metropolis. Miss Ethel Pell and Mr. George Hannon were married at the same time. All are well known young people.

Captain J. F. Browinski was in the city today en route to Joppa, Ill.

Mr. Pat Qanilan and bride returned from Cairo last night, and are at the bride's home on North Fifth.

Maseter Robert Coleman, of Princeton, is the guest of Dr. J. R. Coleman.

Miss Mary Barry has returned from an extended visit to several places.

COOLING STATION

DESIRED BY THE UNITED STATES NEAR TANGIER.

Tangier, June 28.—The native authority is responsible for the assertion that America is demanding the Port of Arzalla as a cooling station. They present a most favorable occasion for such a demand, as little foreign opposition is expected. Arzalla is a small town thirty miles southwest of Tangier. A portion of the American squadron, is still here.

THEORY ABANDONED

THAT LOOMIS WAS NOT LOST OVERBOARD.

London, June 28.—The police have abandoned the theory that Kent J. Loomis, who disappeared from the steamer Kaiser Wilhelm, II, landed at Plymouth or Cherborough and are convinced he was not lost overboard and are now working on the supposition that he was murdered.

WHISKEY KILLED HIM.

Laporte, Ind., June 28.—Clarence Fryer, aged three, obtained a whiskey flask and drank a full pint of liquor and died twelve hours later from alcoholic poisoning.

Her Commencement Essay.

"BEYOND the Alps lies Italy"—she paused and bit her pen. Then wrote another word or two, then paused and bit again. "Beyond the Alps"—she shook her head and softly rubbed her brow. And said: "I wish just now that I could map it out somehow. I've looked at organdie and mull and taffeta and lawn. I liked one piece of crepe de chine, but now that piece is gone."

"Beyond the Alps lies Italy"—she made a flourish there. And laid her pen beside the sheet with a distracted air. "Beyond the Alps"—"Shall I have it ruffled or shall I have it plain?" They say that fountains wide and deep are coming in again. Sometimes I think it would be nice to put on lots of braid. And then again my fancy runs to something applied."

"Beyond the Alps lies Italy"—she turned and took a heap of samples from the table top and studied long and deep. "I like this rosebud pattern and this one with dots of blue. And this with stripes invisible—I think I like it too. And shall I have it made up plain? It might be well, I guess. To have it so that afterward 'twill be a party dress."

"Beyond the Alps lies Italy"—she pushed the page away. And murmured: "This won't do at all; I must decide today. The mountain peaks of taffeta and organdie are high. Beyond them, through the snows of mull, my unsolved problems lie. I cannot write my essay now—that trouble is my least. The principal affairs come first—I'll write to my modiste."

A Common Expression.

"He got his eyes from his father."

Got Results.

"Sir," said a worried looking woman who entered the office of the answers to queries editor, "are you the individual who compiles the 'Helpful Hints to Harassed Housewives'?"

"I am, madam," replied the a. to q. editor.

"Well, two weeks ago I wrote to you asking what would make a new and novel salad, and you printed this reply."

"She flung down a clipping which read:

"Hostess—For a new and novel salad you might try the skins of four grapefruits chopped fine with six large mango peppers; mix thoroughly with a handful of calamari root and set for two hours on the ice; then pour over it a dressing composed of two teaspoonfuls of cayenne pepper boiled in a cup of vaseline. Let us know what success you have with this recipe."

"Well?" asked the helpful hints man. "Well! Every one of my guests tried it, and every one of them had to have a doctor that evening. Three of them nearly died, and not one of them will speak to me again. As for me, this is the first time I've been able to leave the house since the day that I served that salad."

"It is very kind of you, madam," said the household advice man gratefully. "I wondered how that recipe would work, and that was why I tacked on the request that you let us know what success you had with it. Very kind and very thoughtful of you. Good day, madam. Please let us hear from you any time you wish to be advised on any other subject. We are glad to have such loyal readers of our home happiness column."

Society Innovation.

Mrs. Style—Wouldn't it be original to have a tea at which we could introduce an educated pig?

Mr. Style—Which one of our numerous callers has not been introduced all around?—Butte Inter-Mountain.

She Knew.

"I broke mamma's hand mirror yesterday." "Oh, that's such bad luck!" "I know it. I got an awful whipping for it."

A Vague Idea.

Mrs. Ruralie—Your place is so large I wonder you don't keep fowls. Mrs. Civique—But fowls are such a bother. Why couldn't we keep an incubator instead?—Brooklyn Life.

NO APPEAL

IS PROBABLE IN THE WAGON LICENSE CASE.

It is more than probable that the wagon license tax decision rendered by Judge Wm. Reed in circuit court several weeks ago in which he decided that wagons run by contractors and others who did not hire them out but operated them in connection with their business, will not be appealed, and that the revenue derived from this source heretofore will be secured in another way.

The matter has been discussed at length by councilmen and aldermen and it seems to be the inclination of the council to let the matter drop, to collect no taxes on wagons, and tax the brick manufacturers and other industries who pay no license tax. The brick manufacturers pay an ad valorem tax but no license tax.

THE OCEAN VAMPIRE.

A Monster Capable of Dragging a Vessel From Its Moorings.

With the possible exception of the basking shark, the sea devil, or ocean vampire, is the largest of all the monsters of the deep. An unborn ocean vampire, taken from the mother, preserved at the British museum, is five feet broad and before mounting weighed twenty pounds. The mother measured some fifteen feet in length and quite as much in breadth.

It is at all times a dangerous undertaking to attempt to capture one of these monsters, says the Sunday Magazine, but particularly so in the case of a mother accompanied by her offspring. She is quite capable of reversing the role of hunter and hunted, attacking and capsizing the boat containing her would be captors and of soiling that none of them escapes alive.

"Imagine," writes the Hon. William Elliot, in describing the exciting sport he had in hunting ocean vampires, "a monster from sixteen to twenty feet across the back, full three feet in depth, possessed of powerful yet flexible flaps or wings, with which he drives himself furiously in the water or vaults high in the air, through which he skims like some enormous bird, his feelers (commonly called horns) projecting several feet beyond his mouth and paddling all the small fry that constitute his food into that capacious receptacle, and you will have an idea, though an imperfect one, of this extraordinary fish."

The so called "horns" to which allusion is made are a singular feature in this animal. The pectoral or breast fins, much elongated, pointed, arched in front, concave behind, stop short at the head, to reappear as frontal appendages projected on each side of the head. These appendages take the form and character of limbs, being flexible and capable of grasping prey and carrying it to the mouth. The "feelers," as they are called, are sometimes three feet or more in length and are curiously articulated at the ends so as to resemble the fingers of the human hand when clinched.

In this way fishing boats and vessels of a much larger size have been dragged from their moorings and in some cases capsized by the ocean vampire having laid hold of the anchor. An instance of this kind occurred in the harbor of Charleston. A schooner lying at anchor, suddenly and seemingly of its own volition, to the amazement and alarm of those on board, started at a furious rate across the harbor. Upon nearing the opposite shore its course changed so abruptly as almost to capsize the vessel, and it recrossed the harbor to its former moorings.

These mysterious flights across the harbor were repeated a number of times in the presence of hundreds of astonished spectators, who were utterly at a loss to account for the phenomenon. The migrations ceased as suddenly as they began. Not till then did the back and undulating flukes of an immense ocean vampire, appearing above the water of the harbor, disclose the motive power that caused it all.

One of the curious habits of the fish is to throw somersaults, sometimes at a considerable distance beneath the surface, sometimes at the surface and sometimes in the air above the surface. The reason for this peculiar practice, which is kept up for hours, has, so far as the writer knows, never been conjectured. At times the great fish will throw himself bodily as much as ten or twelve feet into the air.

The Road to Health.

Keep your vitality above the negative condition, and you will never know disease of any kind. No disease can exist where there is an abundance of pure blood. To get the necessary amount eat nutritious food, to circulate it perfectly take proper exercise, and to purify it get fresh air and sunlight. If a perfectly healthy condition of the skin exists and an even temperature of the surface of the body is maintained it is impossible to catch cold. Cold water baths taken every day will do much toward producing the former, proper food and exercise the latter. Nature gives you an alarm in the first chilly feeling. Heed it at once or pay the penalty. Take a brisk walk or run, breathe deeply and keep the mouth closed. If you are so situated that you can do neither, as in a church, lecture room or street car, breathe deeply, rapidly and noiselessly until you are satisfied that your body has passed from a negative to a positive condition.—Exchange.

Eggs.

Eggs may lose their nourishment by cooking. The yolk, raw or very slightly boiled, is exceedingly nutritious. It is, moreover, the only food for those afflicted with jaundice. When an egg has been exposed to a long continuance of culinary heat its nature is entirely changed. A slightly boiled egg, however, is more easy of digestion than a raw one. The best accompaniment for a hard egg is vinegar. Raw eggs have a laxative effect, hard boiled the contrary. There is an idiosyncrasy in some persons which shows itself in the utter disgust which they experience not only against the egg itself, but also against any preparation of which it forms an ingredient, however slight. Eggs should always be liberally accompanied by bread.

Historic Cannon.

Four of the cannon taken from the French off Finistere in 1747 by Admiral Boscawen now fill the lowly if useful role of curb posts and lamp-posts in front of the house 2 St. James' square, London, of Boscawen's descendant, Lord Falmouth, while on Tower hill there is a row of posts on the curbstones every one of which is a cannon which has done service or has been ready to do it against England's enemies.—London Telegraph.

BEAUTY TRIUMPHS.

'Tis a Priceless Treasure.

Beauty is woman's greatest charm. The world adores beautiful women. A pretty woman dreads maternity for fear of losing this power. What can be done to perpetuate the race and keep women beautiful? There is a balm used by cultured and uncultured women in the crisis. Husbands should investigate this remedy in order to reassure their wives as to the ease with which children can be born and beauty of form and figure retained.

Mother's Friend

is the name by which this preparation is known. It diminishes the pain allied to motherhood. Used throughout pregnancy it relieves morning sickness, cures sore breasts, makes elastic all tendons called upon to hold the expanding burden. Muscles soften and relax under its influence and the patient anticipates favorably the issue, in the comfort thus bestowed. Mother's Friend is a liniment for external application. It is gently rubbed over the parts so severely taxed, and being absorbed lubricates all the muscles. Druggists sell it for \$1 per bottle. You may have our book "Motherhood" free. Use Shoffner's Sure Cure

The Great Tonic and Blood Purifier—Cures Indigestion, Dyspepsia and Catarrh.

It is a trite and true saying that the "blood is the life." Now where does the blood come from? Everybody knows, or should know, that it comes from the nutritive elements extracted by the stomach from the food we eat. If the digestive organs do not perform their functions by reason of disease germs, there is no nutrition extracted, and the food might better be thrown in the dump to decay and breed germs in the open air than to remain in the stomach and become a rotten, putrid mass, as it naturally does if there is no digestion. No disease germ can live and find lodgment in a human body that uses the Shoffner's Sure Cure. Price \$1.00.

What People Say of the Shoffner Sure Cure.

PADUCAH, Ky., March 5, 1903.
To Whom It May Concern:

This is to certify that I was a sufferer with indigestion for five years and could get no relief until I bought one bottle of Shoffner's Sure Cure, and it helped me so much that I took six bottles, and it has cured me sound and well, thanks to the Shoffner's Sure Cure.

MRS. JOHN SMEDLEY, 806 S. Third St.

This is to certify that I believe the Shoffner Sure Cure saved my life. I was not able to sit up in bed when I began taking the remedy. I had such a severe cough I thought I had consumption. Physicians had given me up to die. After taking one bottle I was able to sit up some. After using five bottles I was fully restored to health. I cannot say enough in favor of this wonderful remedy for indigestion.

MRS. SUE GRAHAM, Moscow, Ky.

If after using one bottle according to directions you are not benefited, your money will be refunded.

FISCAL COURT COMPLETED WORK

Arrangements Perfected for the
Refunding of Bonds.

Regular Business of the Summer
Term of Court Transacted
Yesterday.

ALL THE SALARIES ALLOWED

Fiscal court at its called session yesterday completed arrangements to refund the \$100,000 worth of bonds as forecast yesterday. The fact that the bonds are to be refunded will be formally published and announced by posters throughout the county for thirty days. The \$100,000 issue will be refunded September 1 at 4 per cent.

The bond matter being settled, court took up the regular business that was to come up at the regular session next week.

Treasurer H. H. Loving settled for the pauper fund, his report showing paid out \$2504.78, leaving a balance due the treasurer of \$598.79. The court was authorized to borrow \$1500 for this fund.

Treasurer Loving also settled for the county levy, his report showing paid out \$4,797.47, leaving a balance of \$1,960.94.

For the sinking fund his settlement from December 16, 1903, until June 27, 1904, showed \$32,806.89 due the county. Nine cancelled bonds were burned in presence of the court.

Allowances out of the pauper fund were made as follows: Lang Bros., \$67.80; Lendler & Lydon, \$33; Robert Wilkins, \$689.52; J. W. Pendley, \$10; Dr. M. G. Milam, \$12.

Salaries for the past quarter were allowed as follows: County judge, \$337.50; County Attorney Eugene Graves, \$250; Justice Barber, as receiver, \$50; Charles Graham, as fiscal court clerk, \$50; County School Superintendent Marvin Ragsdale, \$200; County Physician J. W. Pendley \$150.

The committee appointed last April to report on the claim of Mrs. I. H. Rogers, for commissions on back taxes collected by her late husband, Sheriff Rogers, was given until October term in which to report.

TRANSFER SLIPS

To be Given Out in a Few
Days.

The Street Car Company Has Not
Decided on the Exact System Yet

As soon as Fourth street is paved from Jefferson to Court and the cars can be operated straight through, the Paducah City Railway Company will inaugurate a complete transfer system from the depot and other car lines in the city.

The exact methods of transfer have not been outlined but will be immediately. Superintendent Gus Thompson stated this morning that it was not decided whether the cars would be sent around from Third to Fourth on Kentucky avenue or whether a transfer conductor would be stationed at Fourth and Broadway to give out tickets. It is thought the only successful plan would be the latter but this remains to be decided.

The franchise the street car company bought two years ago provided for the inauguration of such a transfer system to years later, and this goes into effect July 1.

It is probable that cars on the Union depot and Rowlandton line will in a day or two be run around from Fourth to Broadway, thence to Third, from there to Kentucky, and around by the city hall. This will cut out the block from Broadway to Kentucky on Fourth street which is not complete and now leaves a gap in the road, and will enable cars to run straight through instead of having to transfer passengers one or two blocks.

MARRIAGE BELLS

Wedding of Miss Elizabeth Mo-
han and Mr. Alfred Gould.

Two Paducah Men Claim Brides
From Other Places.

The marriage of Miss Elizabeth Mo-
han, of this city, and Mr. Charles
Alfred Gould of Xenia, O., were mar-
ried this morning at 8 o'clock, at St.
Francis de Sales Catholic church. Rev.
Father H. W. Jansen pronounced the
impressive marriage ceremony of
the Catholic ritual.

The bride wore a stylish and becoming street gown of champagne voile, over silk. A chiffon hat of the same tint trimmed with pink roses completed the charming costume. The couple entered the church to the strains of Lohengrin wedding march played by Prof. H. O. Farnham. They were preceded by the ushers, Messrs. Edward Petit, Frank Judge, Rankin Kirkland of this city and John Daly, of Xenia, Ohio. After the ceremony Mendelsohn's wedding march was played as they left the church.

The bride is one of Paducah's brightest, sweetest and most cultured young women. She is the daughter of the late Charles Mohan, and a sister-in-law of City Treasurer John J. Doran. She has been one of the most popular teachers in the Paducah public schools.

Mr. Gould is a successful business man, being the superintendent of Northern and Western Investment company, of Xenia, O., one of the most important concerns of its kind in the country. He lived in Paducah a short while, leaving here a year ago, and was connected with the Paducah Gas and Electric company. He is a man of geniality and culture and makes many friends wherever he goes.

The couple left this morning for a wedding trip to St. Louis, Chicago and Peoria, Ill., and will reside in Xenia.

Out of town guests who attended the wedding, were: Mrs. William Richardson, a sister of the bride, and Miss Katie Robins of Chicago; Mrs. Anne Clement of Kankakee, Ill., an aunt of the groom and Mrs. Sam Miller of Louisville.

Miss Willis Davis of Barlow, and Mr. Collins Spell, of this city were married at the home of the bride's father, Mr. Hawkins Davis yesterday. Mr. Spell is a mail agent of the Paducah and Louisville division of the L. O. road and the bride is one of the most charming young women of Ballard county. The couple arrived here last evening and ate at the New Richmond.

The marriage of Dr. David Stuart, of this city, and Miss Nellie Louise Kirk, of Roanoke, Va., will take place this evening at 9 o'clock at the First Presbyterian church of Roanoke. The couple will arrive here in about ten days to make their home.

STABBING IN GRAVES

MAYFIELD MAN CUT IN AF-
FRAY AT HICKORY GROVE.

Mayfield, Ky., June 28.—John Order, a well known young man of the city, was stabbed six times by the Boren boys, of Folsomdale, at a dance near Hickory Grove. There were three of the brothers in the assault, and nearly all the cuts are in the arm, and were inflicted with a razor or a very sharp knife. No arrests were made.

The house was turned over and wrecked but the flagman was standing in the street protecting the crossing.

NEW SWEEPING LAW IS BEING IGNORED

Board of Public Works Will Ask
That it be Enforced.

There Is Much Complaint Over Open
Wells On the West End
Commons.

THEY SHOULD BE CLOSED

It is likely that steps will be taken at once by the board of public works, which recently had passed the ordinance prohibiting the sweeping of trash onto sidewalks and streets, to have it rigidly enforced. It is already beginning to be honored, and although porters and clerks every morning sweep out stores on Broadway, no officer happens along to stop it or make an arrest. The members of the board have not fined the daily infractions and will probably ask the mayor to have the police commissioners enforce the law.

There is a great deal of complaint in the west end over dangerous wells the city allows to endanger the lives of people and animals. The \$4,000 judgment rendered against the city recently because a fence had been neglected seemingly did not cure the city of its negligence. Near Sixteenth and Monroe streets there is an old well fully 80 feet deep that is practically in the sidewalk, and has only a rough and rotting covering on it. All efforts of the people in that section to have it filled up or securely covered have been futile.

Not far away, back of Mr. Hal Walters' home at 1533 Jefferson street, there is another deep well half filled with water, on the open commons. A horse fell into it not long ago and was almost killed, and although the dangerous hole had a covering on it before the accident, the city has not since put even a top over it, and it is entirely open, daily endangering some one's life. Someone will fall into it some of these days or nights and then the city will have another big damage suit on its hands.

People are wondering what is the matter with the city clocks. The one on the city hall often strikes an odd number of times, while that one on the Baptist church occasionally becomes entirely dumb and quits striking entirely.

BRONCHITIS

CONQUERED

REMARKABLE CURES FOLLOW
INTRODUCTION OF NEW DRUG.

New York, June 28.—Evidence of the wonderful cures effected by the new Austrian discovery, ascatco, in bronchitis, hay fever and asthma continues to pour in from all parts of the country.

Bronchitis evidently this time has met its master. Consular reports show that obstinate cases have been cured by 400 drops. The dose is minute, being but seven drops twice daily. The Austrian dispensary, No. 6 East Fourteenth street, New York, has been empowered to carry on the work in this country of stamping out these diseases, and to this end is sending sample bottles free by mail on application to persons in all parts of the country.

IT'S OF LITTLE USE

For you to fume and fret after the fire
is over—act now, take out a policy in
one of the sound companies on our list
and save yourself vexation, loss, possi-
bly ruin. Don't neglect your home—it
is neglect if you don't insure it and
what it contains in the way of furniture
and personal effects
